## MKS-RKSG Microphone Keyed Mute Switch with LED Status Indicator

### Description

The MKS-RKSG is a flush mount, stainless steel, keyed mute switch with an LED status indicator for use with ETS SM1 series microphones. The MKS-RKSG is typically used in interview or interrogation rooms when it is required that the microphone be turned off on occasion. The MKS-RKSG can be located anywhere along the cable run between the microphone and head end equipment.

Connects directly to our switcher / mixer / amplifiers or use one of our many interface products to make fast and clean connections to DVRs or remote monitoring equipment.

### Includes
