Sound Surveillance tm

# SM1-WPCF IP67 Rated Omni-directional Pre-amplified Microphone

## Description

IP67 weather proof microphone for hostile environments such a outdoor applications, on board ships, rooms that are washed down daily, etc. high performance, durable electret element can withstand direct exposure to high pressure water and submersion without affecting operation. Cast Aluminum plate mounts on any flat Surface.

Connects directly to our switcher / mixer / amplifiers or use one of our many interface products to make fast and clean connections to DVRs or remote monitoring equipment.

#### Includes:

- SM1-WPCF microphone.
- Warning label.
- Installation instructions.

#### **Options:**

- See Pre-amplifier board selection guide for alternate pre-amplifier form factors.
- Add –LN to P/N for ultra low noise (80db) and high sensitivity (–28db) microphone capsule

#### Wiring requirements:

2 conductor shielded (with drain wire) 22 gauge stranded. Max cable length 1000'.

#### Caution

It is the responsibility of the installation company and end user to install this audio surveillance equipment in compliance with state and federal privacy laws. If you are unfamiliar with these laws, consult a qualified attorney.

## **SM1-WPCF Specifications**

- Omni-directional 25' pickup pattern
- Low noise MOSFET pre-amplifier.
- Adjustable gain.
- Internal peak limiter circuit (.5 sec response)
- 500Hz-13Khz Frequency response.
- Potted internal electronics. Ideal for high vibration and harsh environments.
- Corrosion resistant electret element.
- Line level, 100 Ohm, unbalanced output.
- Flying leads termination.
- Power: 12 to 24VDC @ 10mA.
- On-board voltage regulator and RFI filtering.
- Operating temperature range: -40C to 85C
- Sensitivity –60db
- Cast Aluminum plate mounts on any flat surface.
- Dimensions: L 2.9" W 2.9" H 0.93"
- Weight 0.14lbs

### Warranty

1 year parts and labor.

Made in USA
